

# Vendor Technical Evaluation Template

Project Name: Zayed Hall AV upgrade

Evaluation Date:

Evaluator(s):

## Compliance with Technical Specifications (35 Points)

#	System Component	Requirement	
1	LED Video Wall	Resolution, Brightness, Pixel Pitch	
2	PTZ Cameras	Tracking, Integration, Control Protocol	
3	AVoIP Network	10Gb Support, Redundancy, VLAN	
4	Switching & Recording	Matrix, Recording Format, Expansion	
5	Wireless Mics	Digital, Diversity, Range	
6	Control System	Touch Panel, API, Logic Control	
7	Cable Management		
8	Documentation		

## Solution Quality & Design (20 Points)

	Criteria	Description	
9	Innovation	Use of modern technologies	
10	Integration Approach	Seamless workflow across systems	
11	Scalability	Future-proof design	
12	Redundancy and high availability	Backup and failover design	

## Support, Emiratization & Team (25 Points)

	Criteria	Description	
13	Local Staff	UAE-based team availability	
14	CVs Provided	Key personnel qualifications	
15	Certifications	CTS, Dante, ISO, ICV certificate, etc.	
16	Emiratization Strategy	Comprehensive plan to emirate operations through employment, capacity building, knowledge transfer, and establishing or utilizing an emirate presence	

## Submitted Attachments Checklist (20 Points)

	Criteria	Attached	
17	Previous Project References / Case Studies		
18	Compliance Certifications (ISO, GDPR, NIST)		
19	Warranty Period		
20	SLA		
21	Spare Parts		
22	Licensing		
23	Maintenance & support		
24	User manuals		
25	Training		
26	Security compliance		
27	Project timeline/ delivery		
28	Proof of Emirati Staff Employment
